# ContiTech<sup>®</sup> OE Quality Serpentine Belt Line Offers All Makes/All Models Coverage

- OE quality fit, form, and function with extended service life intervals -

**Cranbury, N.J., February 2012** - CRP Automotive, a leading source of OE-quality replacement and service parts, offers an all makes/all models ContiTech serpentine belt program for both domestic and import vehicles. Also known as Multi-Rib Belts, the ContiTech belts are OE-quality in form, fit, and function. They are designed with extended service life intervals and require no re-tensioning.

ContiTech Serpentine Belts come in a wide range of sizes and are designed to be oil-resistant and temperature-stable from -22 °F to 176 °F (-30 °C to 80 °C). They are built to deliver 98% power efficiency and feature a lower profile design that easily handles higher engine revs, reduces noise and provides cooler running temperatures. High performance construction features include polychloroprene rubber cover and body, polyester fiber tensile members, and a ribbed belt design.

ContiTech belts are also OE on many of the world's finest automobiles including: Audi, BMW, Chrysler, Fiat, Ford, GM, Kia, Lotus, Maserati, Mercedes Benz, Nissan, Porsche, Rolls Royce, Saab, Volkswagen, and Volvo.
